

Jan. 17, 2017

Dear Parents and Guardians,

Virtual Learning is here! In order to make up the missed school day, EVSC will be utilizing the option of Virtual Learning. Our second grade team has pulled together some terrific, easy to follow lessons that will reinforce material we have been studying.

Here's how our eLearning will work: we will distribute materials on January 17th that will have the lessons for the week. There's no need for you to print them. We've taken care of that for you. Math and Reading will be our focus. Students, with assistance from adults, will log on to the 2nd grade Weebly site. The site will contain practice games and items to read. After practicing, students should the complete the attached pages. **They must complete the assignments and return them to school by January 24th. Students must complete the assignments within the one week period to have this count for their attendance.** They are welcome to turn in their assignments early, but all assignments **MUST** be turned in by the due dates.

ASSIGNMENT DUE DATE: January 24, 2017

Weebly site for Math and Reading: <http://hebrons2ndgrade.weebly.com/>

Now, what happens if you have a question? Well, great news! Teachers will be available to answer **emails** on **Tuesdays and Thursdays from 3:30-6:00 P.M.** Just email your child's teacher with the question, and you will get assistance by 6:00 P.M.

We appreciate your assistance in helping further your child's education. As Helen Keller once said, "Alone we can do so little. Together we can do so much."

Feel free to contact any of us on Tuesday or Thursday between 3:30-6:00 P.M.

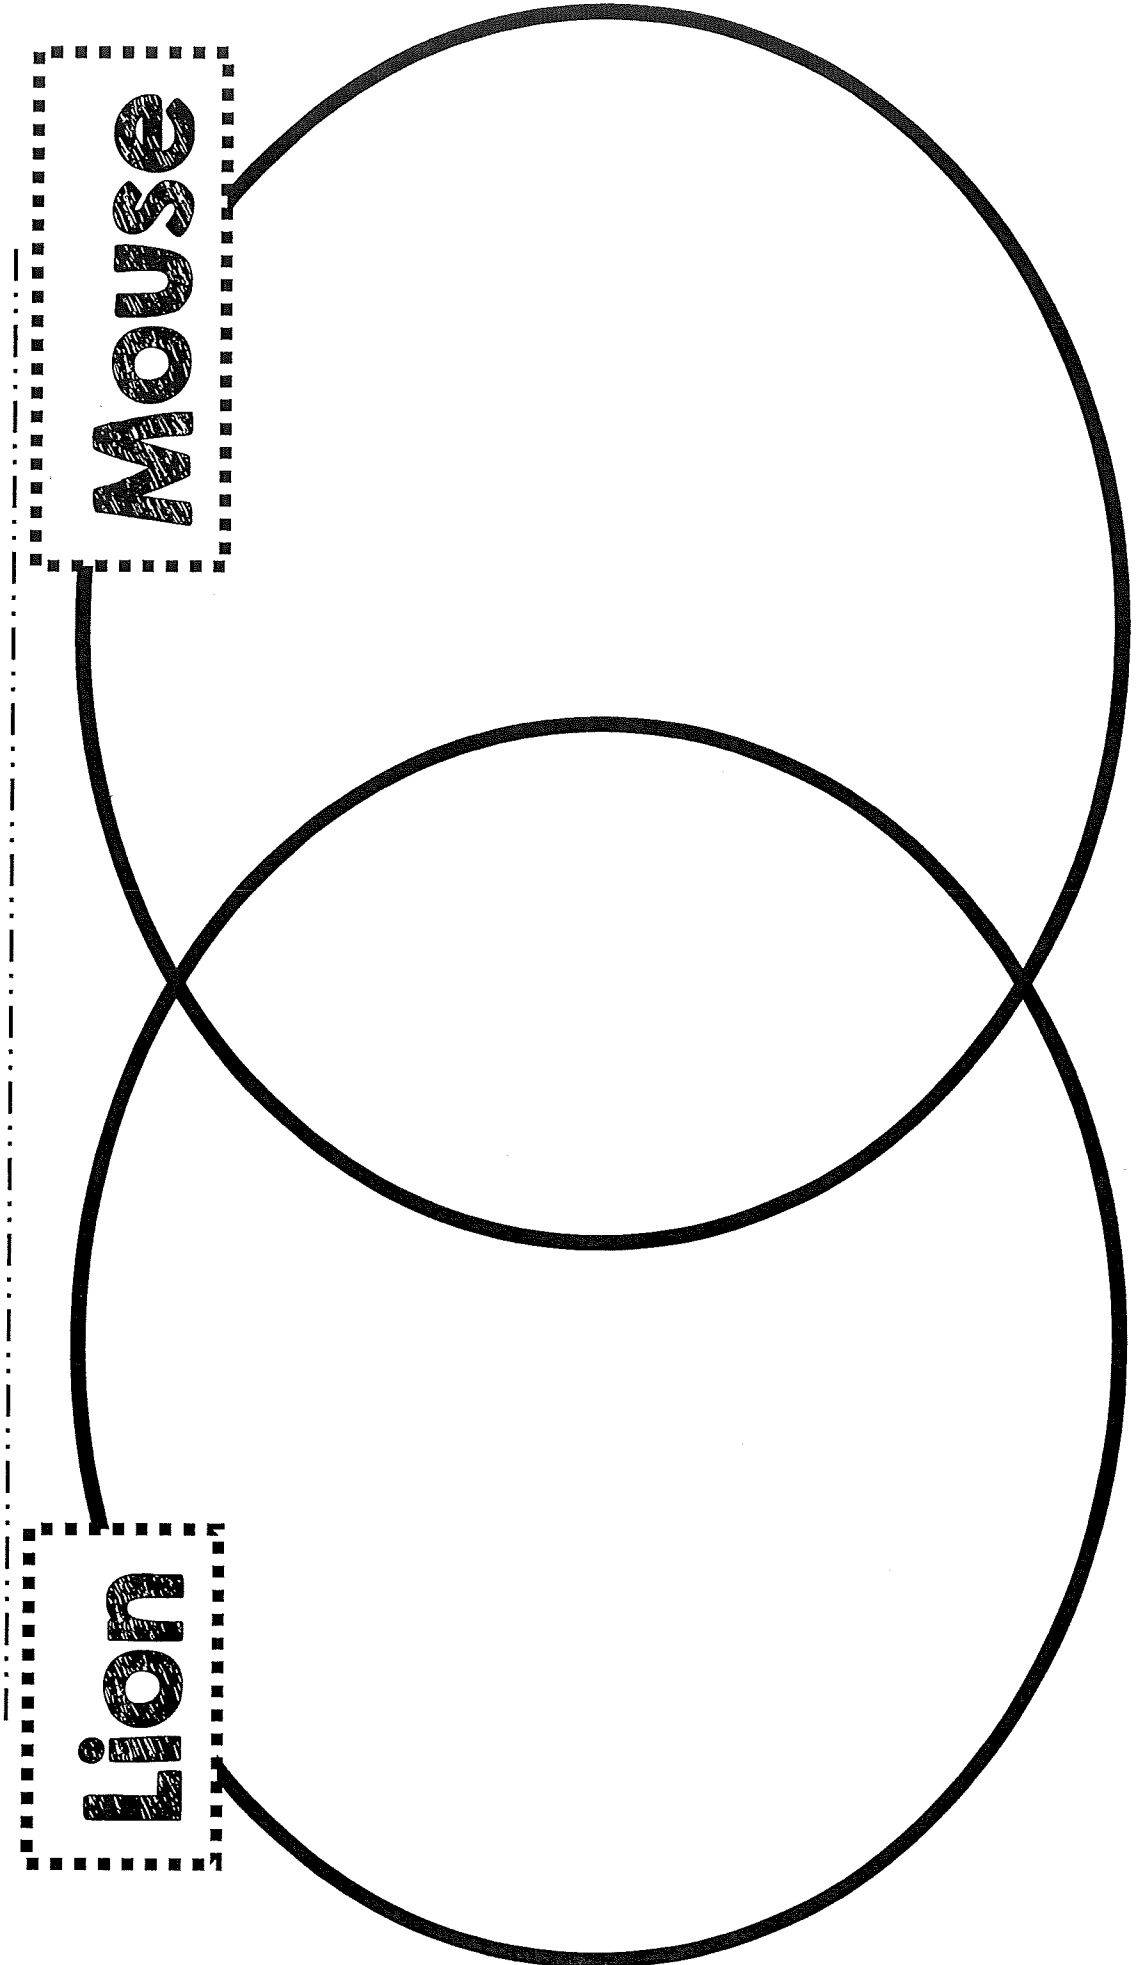

Sincerely,

Second Grade teachers
